RE: Request for Exemption from Commission Closed Captioning Rules

We are seeking exemption for the following reason: 79.1 F
Any video programming or video programming provider for which the Commission has determined that a requirement for Closed Captioning imposes an undue burden on the basis of a petition for exemption filed in accordance with the procedures.

Programming that is locally produced by the video programming distributor, has no repeat value, is of local public interest, is not News programming, and for which the "electronic News room" technique of captioning is unavailable.

No video programming provider shall be required to expend any money to caption any video programming producing gross annual revenues of less than \$3,000,000 during the previous calendar year other than obligation to pass through video programming already captioned when received pursuant to paragraph (c) of this section.

Thank you,
